

BLUE CRANE ROUTE MUNICIPALITY (EC102)

CALL FOR INTEREST: ALTERNATIVE ENERGY SUPPLY

NOTICE: 50/2008

The Blue Crane Route Municipality calls for interest, in the supplying of alternative Energy to the Blue Crane Route Municipal Area.

The Municipality of Blue Crane Route manages and administers one of the most extensive power distribution networks in South Africa. The Municipality is concerned about the status of electric power availability in South Africa and wishes to utilize possible alternative local energy sources to its own benefits. The communities in the BCRM are poor and sustainable job creation in the area is of vital importance for the Municipality. The Municipality can thus not afford that economic development is restricted by energy restraints from the National Energy Regulator and has decided to contribute to the National energy shortage by generating a substantial portion of their own energy needs according to Eskom and Municipal standards.

Call for Interest must be placed in a sealed envelope, and clearly marked **“NOTICE 50 /2008 : ALTERNATIVE ENERGY SUPPLY ”** placed in the tender box in the Office of Corporate Services, situated across ABSA Bank, Nojoli Street, Somerset East, or posted to the following address, The Municipal Manager, P.O. Box 21, Somerset East, Eastern Cape, 5850 marked **“NOTICE 50 /2008 :ALTERNATIVE ENERGY SUPPLY ”** by not later than 12H00 on 11 November 2008. The above will be opened publicly in the Board Room, Office of Corporate Services, 88 Nojoli Street, Somerset East, immediately after 12H00.

For any queries regarding the above, kindly contact Mr. Sipiwo Majali 042 243 3133 during office hours.

M. MENE
MUNICIPAL MANAGER
13 October 2008
